What difference can forty days make? It turns out, it can make all the difference in the world. Your world anyway. Numerous studies have shown that it takes most people around six weeks to change a habit. If you can change your habits, you can change your character and change your destiny! In "The Way of the Cross", pastor and author Rick Thompson takes you through forty days of spiritual reflection and important insights around the events leading to the most consequential moment in human history. In addition to being an inspiring read during lent season, this book gives fascinating insights into the days preceding the arrest, trial, and crucifixion of Jesus of Nazareth. In reading this book, you will get more than just information about that event, you will also get frequent applications to your own spiritual life. Pastor Thompson takes on some of the most important questions people ask about the story of Jesus' crucifixion. Why did Jesus have to die? What can be learned from the historical account? How do we make sense of this tragedy or any tragedy? These are all-important questions that are answered directly in this book. It's not meant to be consumed all at once, but to be absorbed over a period of forty days, one day at a time, during the lent season. Let Pastor Thompson open your eyes, your mind, and your heart to healthy new habits of reflection and devotion as you meditate on the most important reality of life- that God loves you so much he was willing to die for you on a Roman cross. It could very well be the forty days that changes your world.
